Hi,

I am the advisor to our college radio stations, WARP and WQKE radio. I understand that CBI has negotiated a settlement with SoundExchange to (largely) keep the same rates and terms of the statutory license in place for the next five years (2016 through 2020). Our stations are in support of this—and it is critical that the fees remain stable so that we can support our educational mission of training students in the radio broadcasting industry.

Thank you for your time.
